

Welcome to an effortless, vertical community where modern living reaches new heights. With over **30,000 square feet** designed for your everyday needs and **10 signature amenities** for an unrivaled lifestyle, it is an inspiring setting where life, work, community & nature come together.

SHAPED AROUND YOU

- A **dynamic vertical mixed-use community**, where all you need is within reach.
- Designed for the **high achievers and the socialites**, every element is crafted to ensure you experience true belonging, and absolute fulfilment.
- A **forest at the heart of the city**, where the comfort and ease of contemporary living meet the stillness of nature.
- **Retail and dining venues** just steps away.
- **Dynamic working spaces**, right at home.

GHAF WOODS

This project is **Dubai’s first forest living community**, designed as an ecosystem where residents and nature coexist in harmony. The development features extensive greenery, walking trails, and sustainable design principles throughout. Every aspect is planned to support well-being, connection, and environmental responsibility. With its focus on sustainability, this community sets a new standard for urban living in Dubai.

It is signature living by Majid Al Futtaim.
