

A full-page background image featuring a dramatic sunset or sunrise. The sun is a bright, glowing orb partially obscured by dark, heavy clouds in the upper half of the frame. A brilliant, golden path of light reflects off the sun's position down to the horizon line, which separates the dark, textured ocean from the sky. The overall color palette is dominated by deep blues, greys, and the warm, golden-yellow of the sun and its reflection.

AQUORA

EVERY GREAT PROJECT IS CRAFTED WITH PURPOSE

Aquora brings that purpose to life, a vision of premium luxury waterfront living, inspired by the artistry and timeless elegance of Italy.

Each detail has been crafted with no compromise on quality or design, reflecting our passion for excellence.

Aquora represents more than luxury development, it embodies our commitment to building legacies and supporting the ongoing story of Dubai, a city that continues to define the future of inspired living.

With warm regards

*A MASTERPIECE
BY THE WATERFRONT*

WHERE THE CITY MEETS THE SEA

DUBAI ISLANDS

DUBAI ISLANDS IS A NEW CHAPTER IN THE CITY'S COASTAL EVOLUTION.

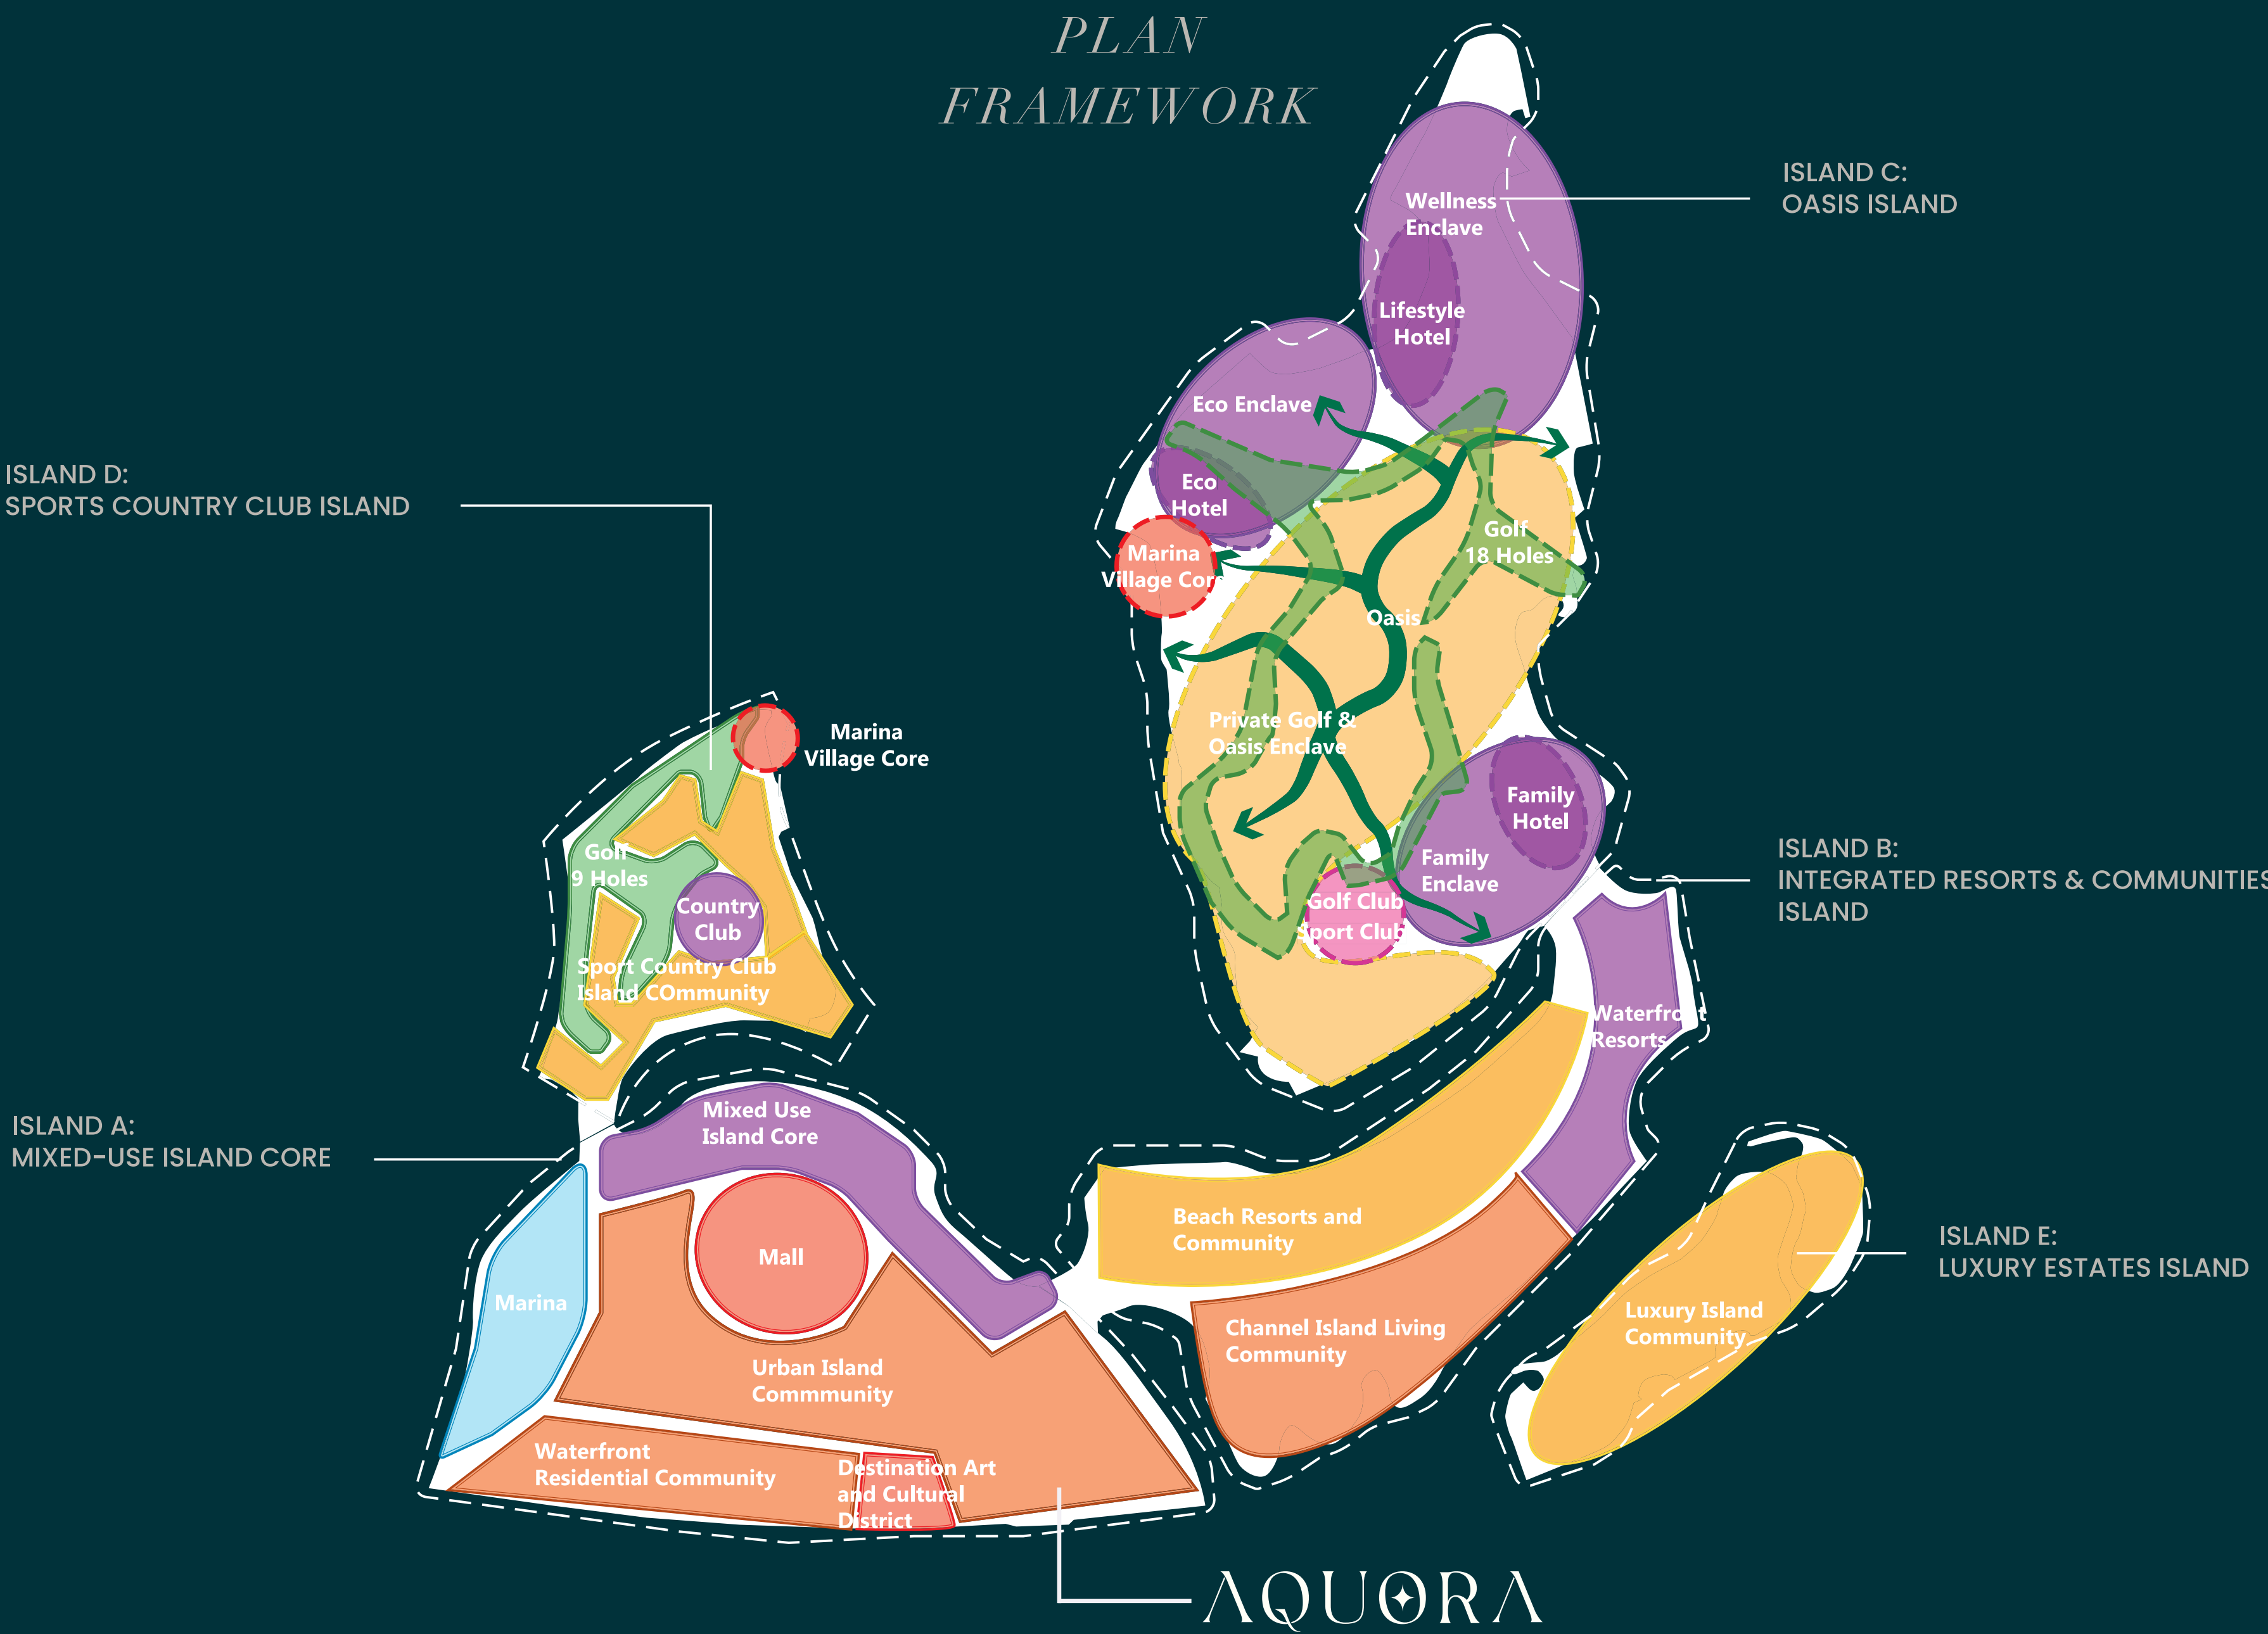

Located where Dubai Creek meets the sea, the five interconnected islands form the northernmost stretch of Dubai's shoreline. Envisioned as a low-density, premium coastal district, Dubai Islands brings together expansive beaches, marinas, landscaped open spaces, and hospitality destinations within a carefully planned urban framework.

THE LIFESTYLE

Life on Dubai Islands is defined by a series of considered qualities that shape how the district is experienced.

DISTINCT ISLAND IDENTITIES

Each island is conceived with its own character, unified through a coherent design language that ensures visual continuity across the district.

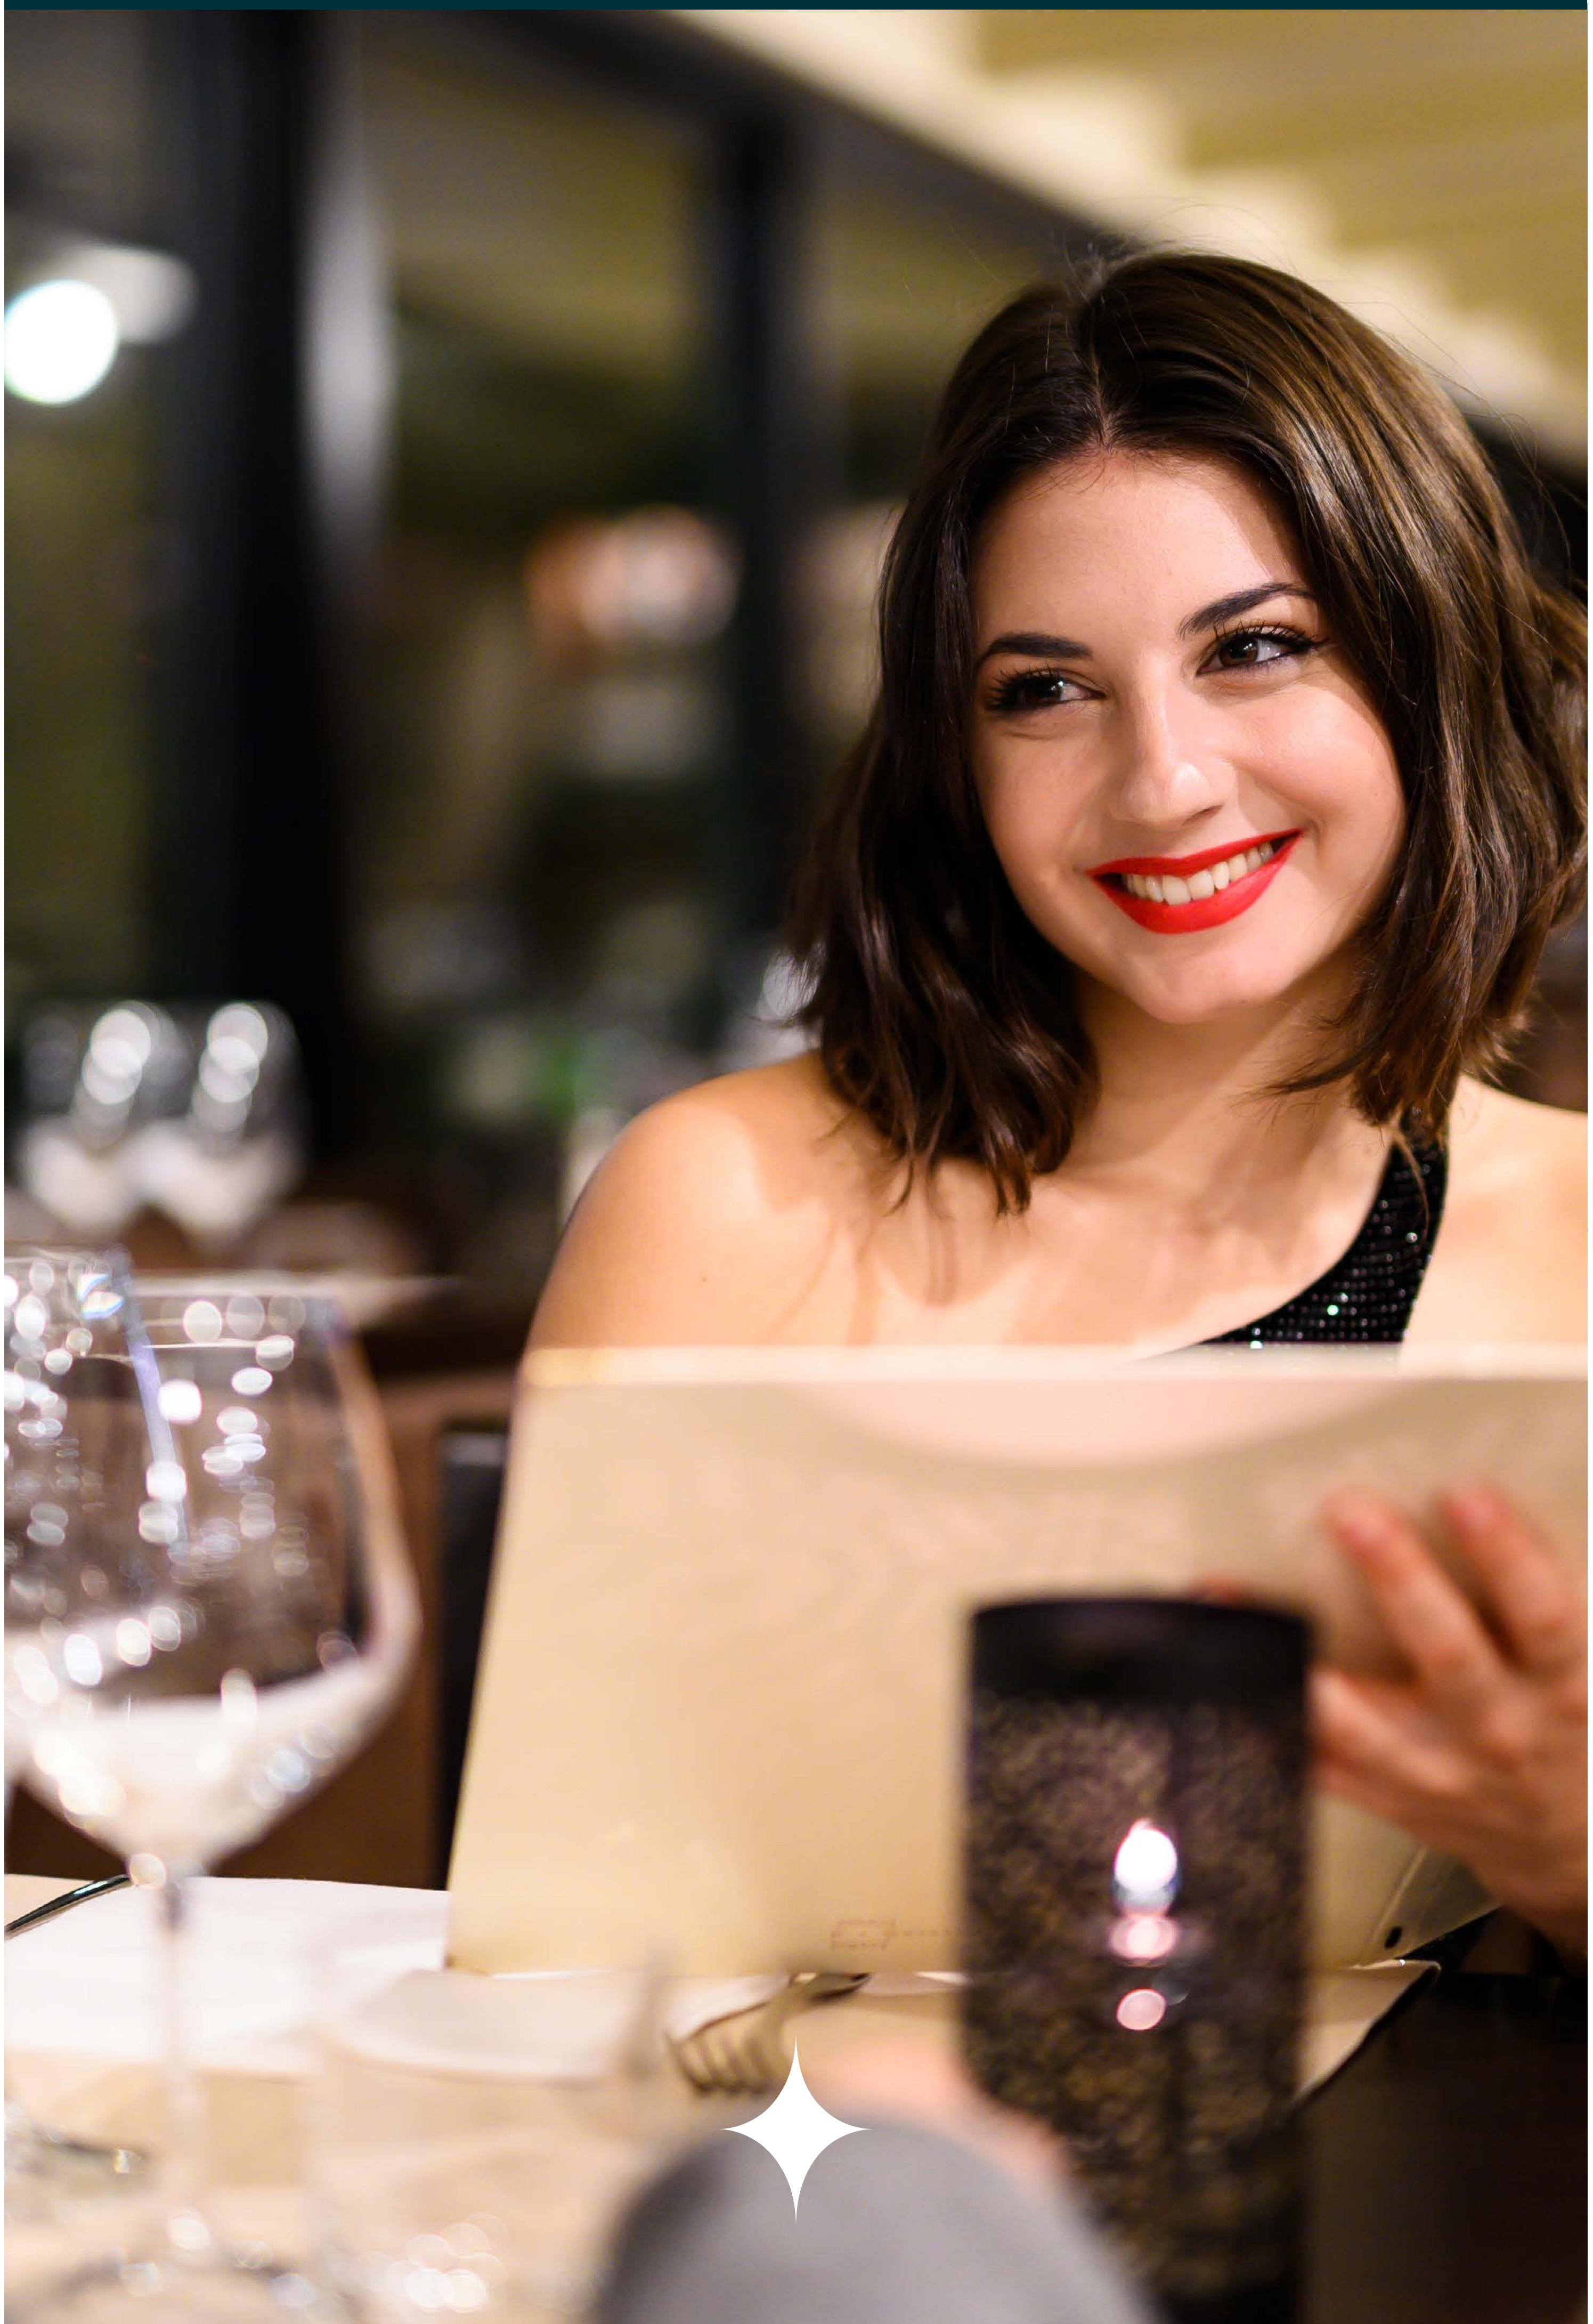

A CURATED SPECTRUM OF LUXURY LIVING

From resort-led destinations to refined residential communities, the islands are planned to host over 86 resorts and hotels, shaping a diverse yet cohesive expression of luxury waterfront living.

Retail, entertainment, business, marina, commercial, and high-end residential environments are integrated across the district, creating a vibrant island lifestyle.

SOCIAL CORES AND CULTURAL ANCHORS

Themed village centres and private social clubs
form the heart of each island, bringing together dining,
leisure, retail, and services within thoughtfully designed settings.

SEAMLESS ISLAND CONNECTIVITY

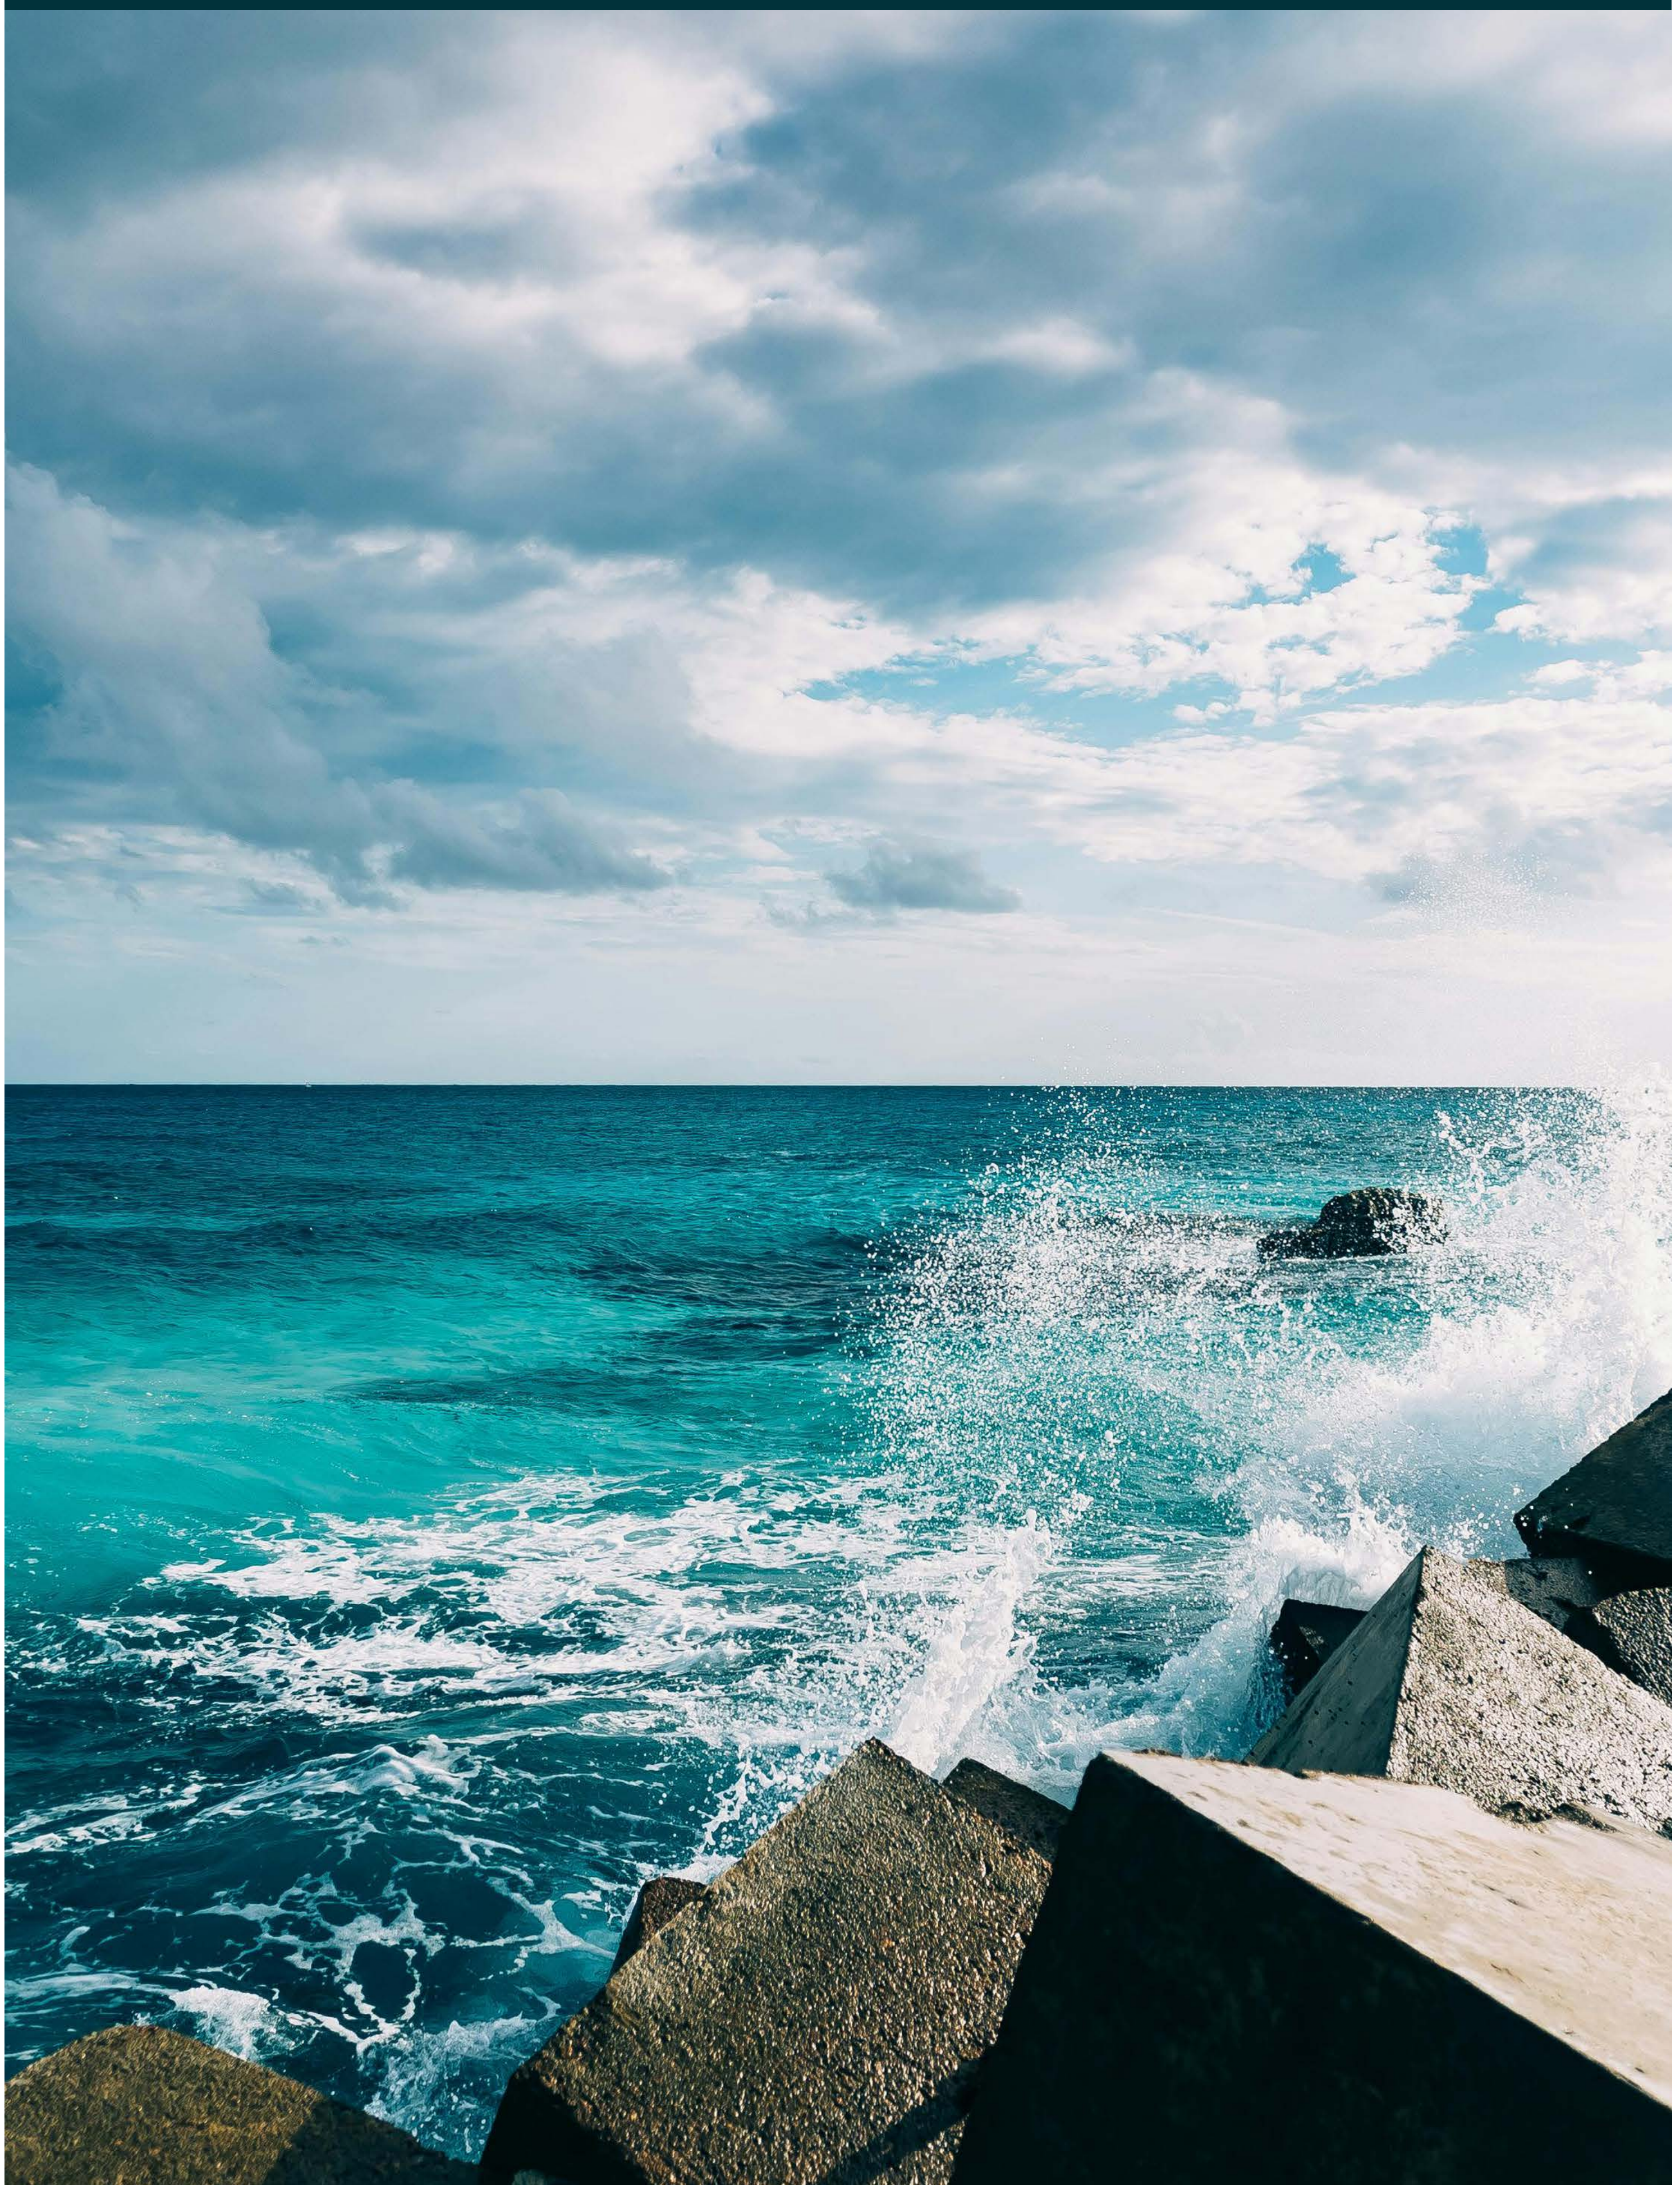

A network of marinas, waterfront promenades, and shaded pathways supports movement by water, foot, and bicycle, encouraging fluid circulation within and between the islands.

ACCESS TO THE WATERFRONT

21 kilometres of beach length create a coastline-led way of life across the district.

Waterfront experiences extend beyond the shoreline, with inland neighbourhoods benefiting from visual corridors, amenities, and access points that connect the entire district to the sea.

BLUE AND GREEN LANDSCAPES

The district is designed as a “blue + green” environment, combining coastal frontage with landscaped open space systems.

Carefully layered greenery, open spaces, and coastal environments create a balanced relationship between architecture and nature, shaping a calm, restorative setting.

A COMPLETE ISLAND EXPERIENCE

9 marinas establish a strong marina culture and waterfront activation across the islands. Golf is part of the destination mix, including one 18-hole course and one 9-hole course within the wider master plan.

Along the water's edge, a sequence of beaches, promenades, leisure zones, and open-air settings offer a varied and engaging coastal environment.

Dubai International Airport (DXB) – 18 minutes

City Walk – 19 minutes

La Mer Beach – 19 minutes

Burj Khalifa & Dubai Mall – 20 minutes

Palm Jumeirah – 34 minutes

THE RESIDENCES

A DELIBERATE LIVING EXPERIENCE RESERVED FOR THE FEW

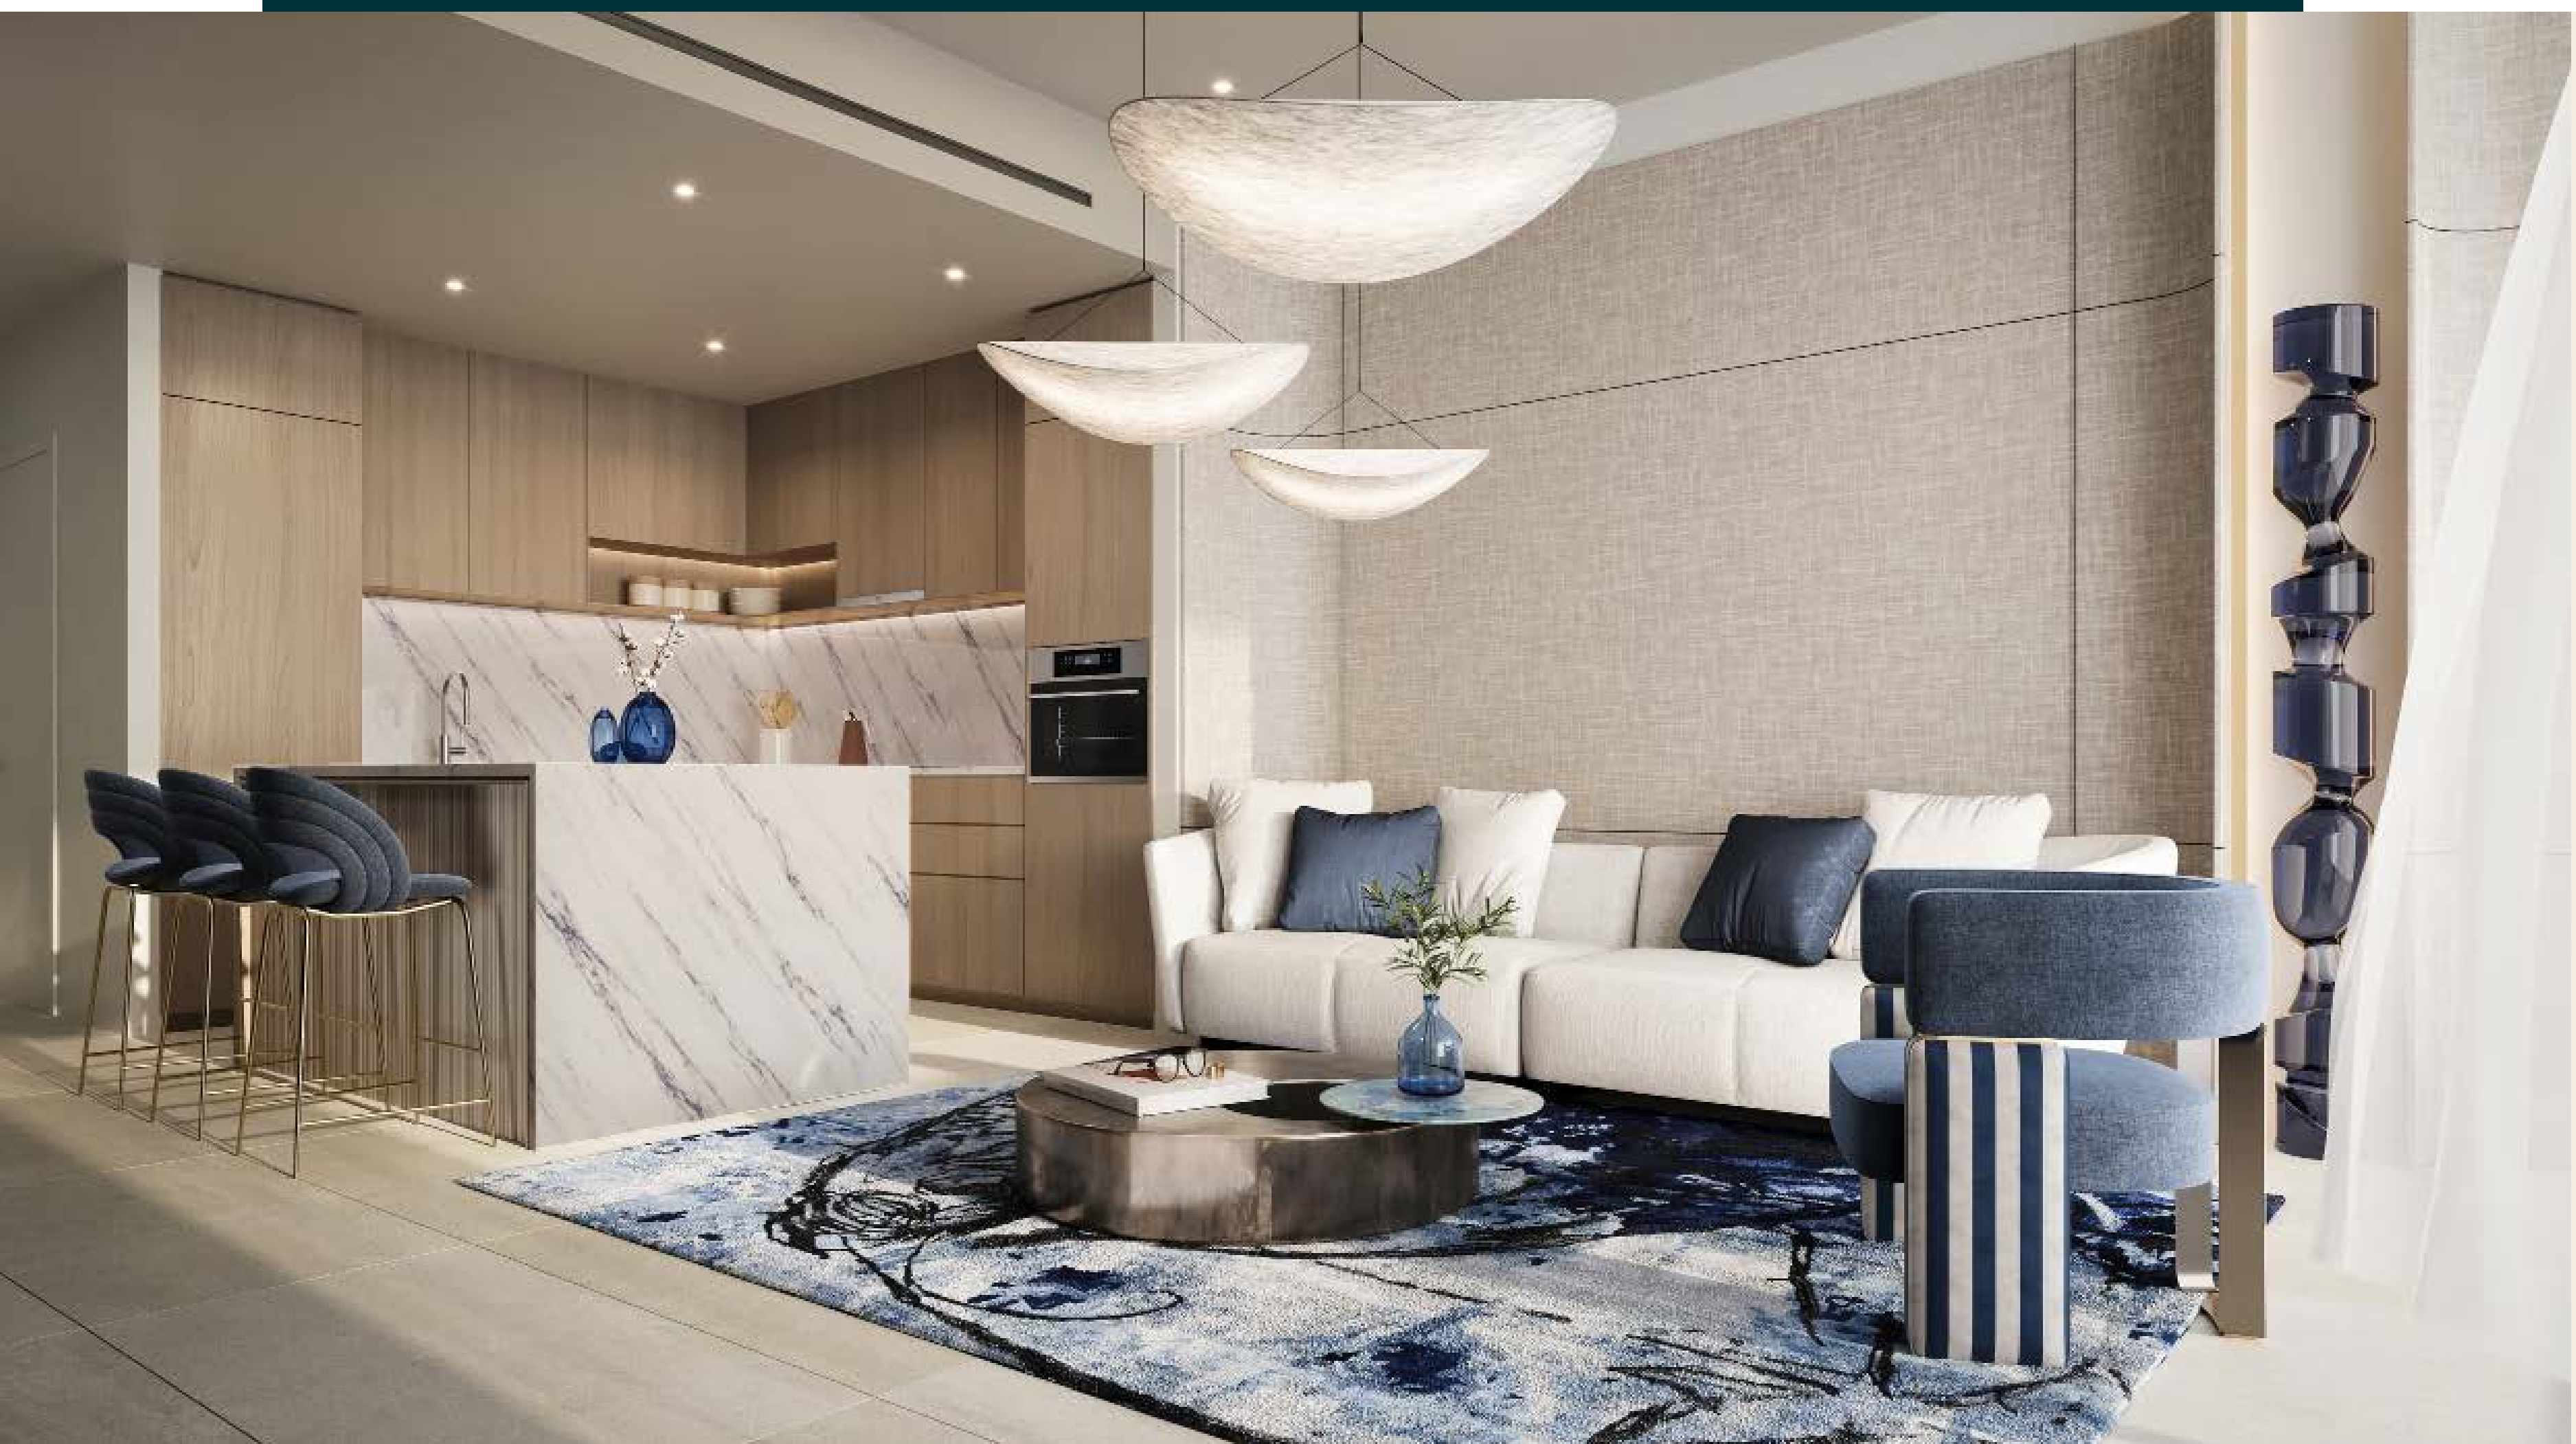

The residences at Aquora place emphasis on natural light, balanced proportions, and mesmerizing views. The collection includes simplex and duplex residences, in addition to a limited number of signature apartments, complemented by select waterfront retail at ground level.

A REFLECTION OF THE ISLAND

The interiors at Aquora draw from the presence of the sea
and the changing light of the waterfront.

An elegant sand-toned palette, natural materials,
and carefully framed views of the island create a quiet
sense of openness within each residence.
