Darrell-Lim, Founder and Shareholder of the First APAC Fund VCC and **Neeraj Mishra**, Founder and CEO of AMIS Development during the MoU signing.

In November 2024, First APAC Fund VCC, a premier Singapore-headquartered investment fund, formalized its commitment to invest up to AED 5 billion (\$1.36 billion) in AMIS Development by signing a Memorandum of Understanding (MOU). This strategic investment will accelerate AMIS Development's growth, enabling it to expand its local and international footprint by acquiring additional land, strengthening its project pipeline, forging global brand partnerships, enhancing its project team, and integrating advanced technologies. The fund is managed by Pilgrim Partners Asia (PPA), a Singaporean fund management company licensed by the Monetary Authority of Singapore (MAS).

Darrell Lim, Founder and Shareholder of First APAC Fund VCC, emphasized the strategic significance of the partnership.
